

End User System Requirements for SuccessFactors HCM Suite

SuccessFactors HCM Suite is a fully web-based offering. You will need an Internet connection and a system that meets certain requirements. The requirements listed here are for the **August 2014 release**.

Client Software Requirements

Client Software	Version	Additional Information
Web browser	<p>Microsoft Internet Explorer 8 to 11 (Internet Explorer 10 Metro is not supported at this time)</p> <p>Mozilla Firefox</p> <p>Apple Safari 5, 6, 7</p> <p>Google Chrome</p>	<p>We are committed to supporting the most recent versions of Internet Explorer.</p> <p>The supported Internet Explorer browsers are used in certification testing. There is no explicit testing of Internet Explorer compatibility mode.</p> <p>Administrators who want to use the SuccessFactors Learning question editor (QE) must log in to the administration environment with IE8 in compatibility mode.</p> <p>Google and Mozilla release continuous updates to their Chrome and Firefox browsers. We make every effort to fully test and support the latest versions as they are released. However, if defects are introduced with OEM-specific browser software, we cannot guarantee fixes in all cases.</p> <p>For additional system requirements, see your web browser documentation.</p>
Mobile browser	<p>Apple Safari for iOS 7+</p> <p>Google Android 4.0+ default browser</p>	
Oracle Java Runtime Environment (JRE)	1.6 or higher to use video and audio recording	To use general functionality, SuccessFactors HCM Suite does not re-

Client Software	Version	Additional Information
	<p>1.7.0.6 or higher to use the learning management system (LMS) offline player</p> <p>On-premise customers can elect to require JRE for content tracking in a cross-domain solution.</p>	<p>require you to install any plug-ins or JRE on end-user systems.</p> <div style="background-color: #fff9c4; padding: 5px;"> <p>i Note</p> <p>Due to recent changes in Java security policy and Oracle's introduction of the JRE security baseline concept, you may have to upgrade your client JRE to the most recent version so that these JRE-dependent functions work correctly.</p> </div>
Adobe Flash Player	10 or higher	<p>Required only for the following:</p> <ul style="list-style-type: none"> • SAP Jam video functionality • SuccessFactors Learning administration • SuccessFactors Recruiting Marketing "Recruiter Dash" • Advanced UI features, such as organization charts, succession lineage charts, company barometer, and instructional videos
Operating system	<p>Microsoft Windows XP</p> <p>Microsoft Windows Vista</p> <p>Microsoft Windows 7</p> <p>Apple Mac OS X Lion (10.7)</p>	<p>SuccessFactors is not dependent on any specific operating system. All capabilities are accessible through a web browser. The only exception is the learning management system (LMS) offline player, which must be installed on users' machines. The offline player requires Windows 7 SP1 or Mac 10.8.</p> <p>Report designer requires Windows 7 SP1.</p> <p>For additional system requirements, see your operating system documentation.</p>
Virtual meeting room	<p>Cisco WebEx Training Center WBS28, WBS29; API version 8</p> <p>Cisco WebEx Meeting Center WBS28, WBS29; API version 8</p>	<p>Required only for the virtual learning classroom. The clients install in a standard way, as if users clicked a meeting invitation link in an email message.</p>

Client Software	Version	Additional Information
	Adobe Connect 9.1, 9.2 Saba Centra 7, 7.5 (deprecated) Microsoft Office Live Meeting 2007; API version 4.0 (deprecated)	
Additional software	Adobe Acrobat Reader 9 or higher	

Client Configuration Requirements

Client Configuration	Setting	Additional Information
Network bandwidth	Recommended connection speed 300 - 400 kbit/s	In general, SuccessFactors HCM Suite requires no more bandwidth than is required to surf the Internet. All application modules are designed for speed and responsiveness with minimal use of large graphic files.
Screen resolution	XGA 1024x768 (high color) or higher	
Minimum recommended cache size	250 MB	SuccessFactors HCM Suite is a Web 2.0 application. We recommend allowing browser caching because HCM Suite uses it heavily for static content such as image files, CSS files, and JavaScript files. If you clear your cache, the browser will not perform as well until the deleted files are downloaded again to the browser and cached for use next time. Newer web pages must be enabled.
HTTP 1.1	Enable	
JavaScript	Enable	
Cookies	Enable web browser session cookies (non-persistent) for authentication purposes	SuccessFactors Recruiting Marketing requires persistent cookies.
Pop-up windows	Allow pop-up windows from SuccessFactors domains	

Mobile Requirements

A SuccessFactors HCM Suite mobile application is available for the following devices from their respective app stores.

Hardware/Software	What's Supported	Additional Information
Device	Android Blackberry iPad iPhone	See Supported Devices . The default configuration on the iPad 4 must be updated as follows: <ul style="list-style-type: none">• Accept cookies <i>Always</i>• Block pop-ups <i>Off</i>
Mobile browser	Apple Safari for iOS 7+ Google Android 4.0+ default browser	

AICC and SCORM

The learning management system (LMS) supports the following:

- AICC
- SCORM 1.2
- SCORM 2004 2nd Edition
- SCORM 2004 4th Edition

Accessibility

We are committed to delivering software that is accessible to individuals with disabilities. Although our applications include many accessibility features, they are currently not fully optimized for accessibility. You may need to provide client-side, third-party assistive technologies, such as the JAWS screen reader, to be used in conjunction with SuccessFactors applications. Detailed documents addressing Web Content Accessibility Guidelines (WCAG) 2.0 and Section 508 of the Workforce Rehabilitation Act requirements for some SuccessFactors applications are available for review upon request.

Important Disclaimers on Legal Aspects

This document is for informational purposes only. Its content is subject to change without notice, and SAP does not warrant that it is error-free. SAP MAKES NO WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE.

Coding Samples

Any software coding and/or code lines / strings ("Code") included in this documentation are only examples and are not intended to be used in a productive system environment. The Code is only intended to better explain and visualize the syntax and phrasing rules of certain coding. SAP does not warrant the correctness and completeness of the Code given herein, and SAP shall not be liable for errors or damages caused by the usage of the Code, unless damages were caused by SAP intentionally or by SAP's gross negligence.

Accessibility

The information contained in the SAP documentation represents SAP's current view of accessibility criteria as of the date of publication; it is in no way intended to be a binding guideline on how to ensure accessibility of software products. SAP specifically disclaims any liability with respect to this document and no contractual obligations or commitments are formed either directly or indirectly by this document.

Gender-Neutral Language

As far as possible, SAP documentation is gender neutral. Depending on the context, the reader is addressed directly with "you", or a gender-neutral noun (such as "sales person" or "working days") is used. If when referring to members of both sexes, however, the third-person singular cannot be avoided or a gender-neutral noun does not exist, SAP reserves the right to use the masculine form of the noun and pronoun. This is to ensure that the documentation remains comprehensible.

Internet Hyperlinks

The SAP documentation may contain hyperlinks to the Internet. These hyperlinks are intended to serve as a hint about where to find related information. SAP does not warrant the availability and correctness of this related information or the ability of this information to serve a particular purpose. SAP shall not be liable for any damages caused by the use of related information unless damages have been caused by SAP's gross negligence or willful misconduct. Regarding link classification, see: <http://help.sap.com/disclaimer>.
