What We Do @Altura?

We at Altura are uniquely placed to help you navigate the ERP landscape safely and successfully. Our full range of consulting services and delivery expertise coupled with proven methodologies guide your ERP solution design, development and integration. Our team is professional with impeccable pedigree and vast experience in implementing SAP projects and managing off-shore delivery services.

We Are Now Stronger, Larger and Newer

We have now added skills/resources to support - SAP Successfactors full suite implementations, Utilities, CRM and Concur.

Our headcount has gone up to 120+ employees with continuous, rigorous hiring. We are building a team of knowledgeable and efficient consultants.

Our headquarters has moved to a new location in Hyderabad with bigger, better and uninterrupted facilities. We have also opened our Sales office in London.

Client Speak

"I want to give you a resounding reference for Altura. I came into contact with Altura 2 years ago when one of my projects was languishing and was in dire straits. Without having ever physically met, they agreed to come to Nigeria and undertake what was an adverse challenge. To redesign and rebuild Payroll for 3000 employees in 2 months..." [...Read more](#)
